Welcome California State Universities

The California State University Risk Management Authority (CSURMA) has elected to join the EIA's Excess WC Program effective January 1, 2015. We are very excited to welcome CSURMA to the EIA membership. CSURMA is a JPA consisting of all of the CSU campuses and the affiliated auxiliary organizations. Because of its size and unique exposures, CSURMA will be participating within the EWC program with their own dedicated reinsurance placements. The EIA will also administer a reinsured aggregate stop loss layer on CSURMA's \$125K self-insured retention. We look forward to a long and fruitful relationship with the California State Universities.

California Trust Act (AB 4)

The California Trust Act (AB 4) took effect January 1, 2014, and prohibits a detaining agency from holding that individual beyond the point they become eligible for release from custody unless certain conditions are met, including that the individual has been convicted of specified crimes. The EIA encourages all members that have law enforcement agencies to review their policies and procedures to ensure compliance with the Trust Act. Read more about the [Trust Act on the EIA blog](#).

Save the Date: 2015 EIA

Healthcare Symposium

The EIA is thrilled to present our 7th annual Healthcare Symposium this upcoming March. Exciting and informative topics will include ACA & Compliance, EAP & Wellness, Pharmacy Benefits, Transparency & Employee Engagement, plus much more! This year there will be three different locations to choose from: Irvine, Sacramento, and Pleasanton. A formal invitation with more details will be sent out soon.
