

# EQUIPMENT & APPARATUS INSPECTION SOFTWARE

*PRISM partners with the industry's best to provide services that are second to none.*

Vector Check It simplifies how first responder agencies track inspections. Streamline routine checks for equipment, vehicles and apparatus including the ability to: open service tickets, document, and track the progress of an out-of-service apparatus. This allows your agency to ensure resources are current, in compliance, and functioning properly.

## Services Include

- Access to customizable checklists which can be created based on your needs
- Push notifications to alert users of past-due checks, like an overdue oil change or necessary repair
- Reports with automatically generated graphs and figures that make it easy to track your apparatus
